Opposite Aadhi Para Shakthi Temple, Salem - 636007.

Contact Number: 8309015859, 8300981676.

INTRODUCTION TO PINNAACLE CLASSES METHODOLOGY

Greeting from PINNAACLE CLASSES. Congrats on opting for PULSE (Pinnaacle classes **U**ltimate Scholarship **E**xam). On clearing this test in merit and high score, the deserving candidates will be awarded with scholarship for Grade XI either in Classroom Integrated Program or Full time Integrated program with PINNAACLE CLASSES.

Full time Integrated Programs available and details:

1. RSB – RANKERS SPECIAL BATCH:

If you think you are bright, if you think you are capable, if you think that you can make it to the top, this course is precisely for you. IITs and NITs are the premier institutions of engineering envisioned to develop the best engineers in India. The authorities of these institutions strive to conduct all India competitive examinations in order to select only the best young minds in the country, who have exceptional aptitude.

RSB is a fast-track program, designed using decades of experience in order to train students in the right way so that students can realize their full potential. Let us suppose that a student takes a week to learn a concept on his/her own. If he/she is taught the same concept, he/she may take four days to learn it.

If a highly experienced teacher teaches it, he/she may get it in two days. If the student is supported with a wholesome learning environment – practice, doubt clearance, periodic tests and a timely feedback, then the student is likely to achieve complete proficiency in the concept in only half a day.

The IITs keep changing the examination pattern and IIT-JEE is known for surprises. If a student relies completely on rote learning which turns students learn by models rather than learn by concepts, then the student will not be able to cope with the surprises thrown by IIT-JEE. Our endeavour has been to design a program which trains students so that their exam temperament will be immune to surprise pattern changes in IIT-JEE.

Preparing to succeed in IIT-JEE is not an easy task; only the highly determined young mind can afford to think about it. It needs a lot of support from parents and guardians to sail through these rough waters. Burden of the student is greatly reduced if his/her mindset is transformed from “I am forced to learn” to “I enjoy learning”. In PINNAACLE CLASSES teachers consciously try to motivate students to develop an interest in the subjects they are learning. We also use innovative methodology to reduce the burden of preparation to the maximum possible extent.

2. YAGNA – 2 Year intensive NEET Training Program:

YAGNA is an exclusive NEET based fast-track program for 2 years, designed with meticulous efforts and inputs taken from various experienced senior staff in order to train students in the right way that they realize their full potential.

There is generally a misconception that NEET has to be cracked only after completing +2 (or CLASS XII), which is completely misleading the students and parents. Every student, irrespective of his/her calibre can clear this examination with proper trained teachers at service and the best program scheduled.

PINNAACLE CLASSES is known for its intensive NEET program with innumerable tests conducted very regularly which boosts a student's confidence to the pinnacle. Having faced these many tests, the final NEET examination will just be like another test to a student giving them courage to face any kind of question.

With the help of this program students can achieve their target of cracking NEET examination straight away after they complete XII board examinations. And the results that have been coming from the students who have opted for this course are the best in the institution. The intensity of YAGNA program will forever remain the key for student's success.

Classroom Integrated Programs available and details:

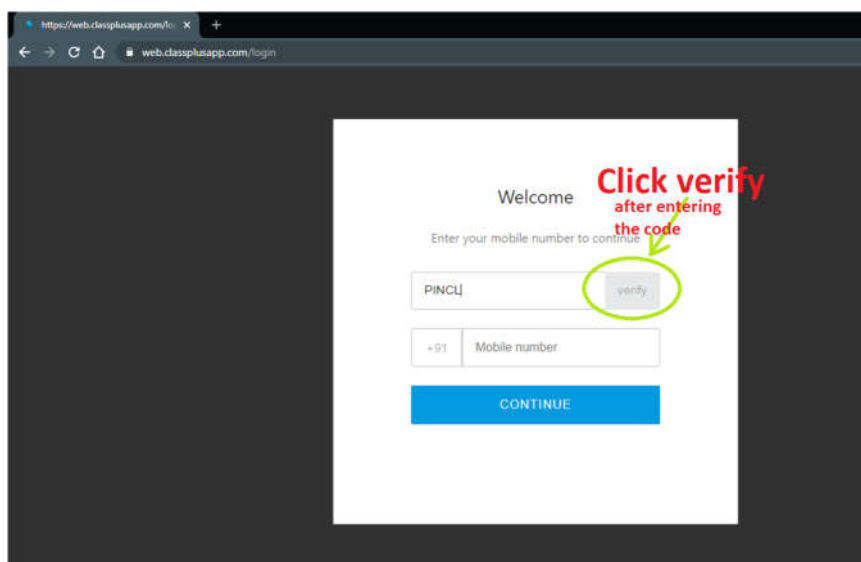

(Two-year integrated program for IITJEE/NEET)

The best brains compete to get an admission to this two-year legendary course offered by us. The course, unmatched in its rigour and precision, raises you to the very zenith of your preparation. The stimulating atmosphere of the institute, small batches (yes-we believe in quality) and one to one interaction with the instructor ensure that every rough edge is smoothened, every small doubt is cleared, More importantly, we train you to think analytically, we give you a systematic approach to problem solving.

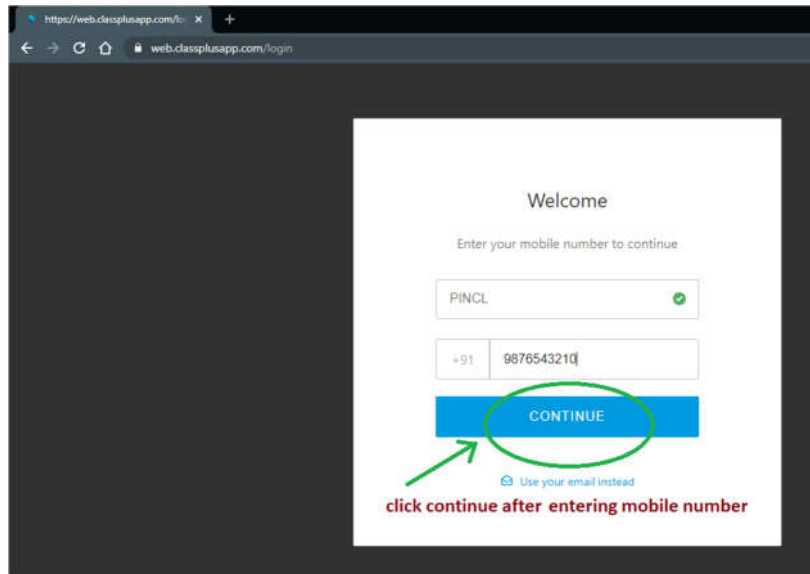

This program is designed for school students who are integrated with PINNAACLE CLASSES for 11th and 12th class, balancing subjective pattern test regularly as well.

GENERAL INSTRUCTIONS for PULSE EXAMINATION

- **Examination Duration:** 2 hours (120 minutes)
- **Maximum Marks:** 400
- **No negative marking.**
- **Subjects:**
 - Physics
 - Chemistry
 - Biology
 - Mathematics
 - Mental ability (MAT)
- Each subject will have 20 questions. Total of 100 questions.
- **Mode of examination:** ONLINE / OFFLINE.
- **Medium of examination:** ENGLISH.
- **PULSE Examination Date:** 01-11-2020
- **PULSE Examination Timings:** 11 AM – 1 PM
- Students who are taking up the PULSE examination ONLINE, we are proving a demo test for practice with each subject carrying 10 questions and a duration of 1 hour.
 - This demo test will be conducted on 31st OCTOBER, 2020.
 - Timings for the demo ONLINE test will be from 7 PM – 8 PM.
 - No negative marking.
 - Make sure you have downloaded the PINNAACLE CLASSES Application from Play store before taking up the test and register in the App “As a student”.
 - **Link for the app from play store:** <http://on-app.in/app/home?orgCode=pincl>
 - Those who are having PC (Personal Computer) or Laptop can also attempt the test through ONLINE by registering through the following website details:
 - **Website address:** web.classplusapp.com
 - **ORG Code:** PINCL (Type this as shown in the figure below)

- After clicking **verify**, make sure a green tick appears. Later, enter a mobile for registration with PINNAACLE CLASSES and click **continue** (as shown in figure below).

TEST BATCH

Batch Start Date: 30/10/2020

Batch Code: tbemb4

Course: X-XI PULSE

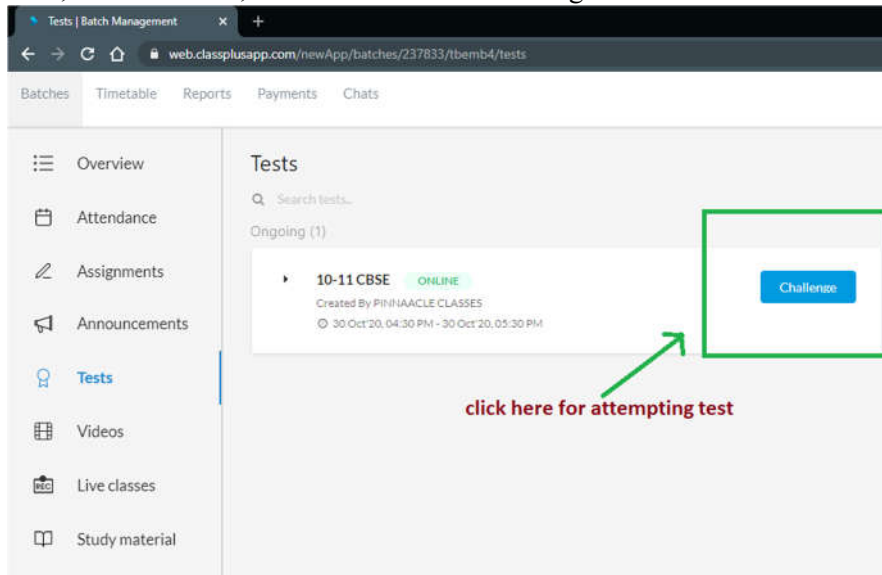

Subject: Physics, Chemistry, Mathema...

Batch Timings

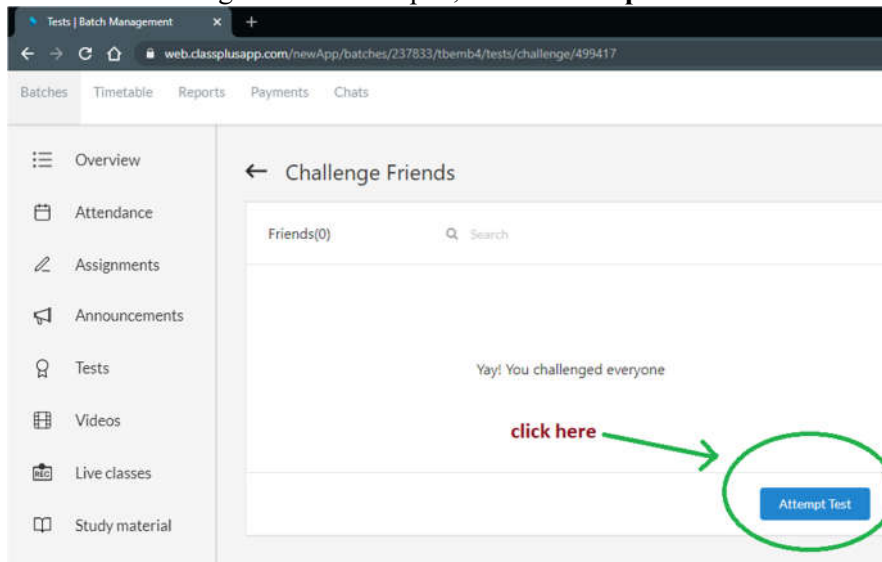

Sunday Monday Tuesday Wednesday Thursday Friday Saturday

click on "Tests"

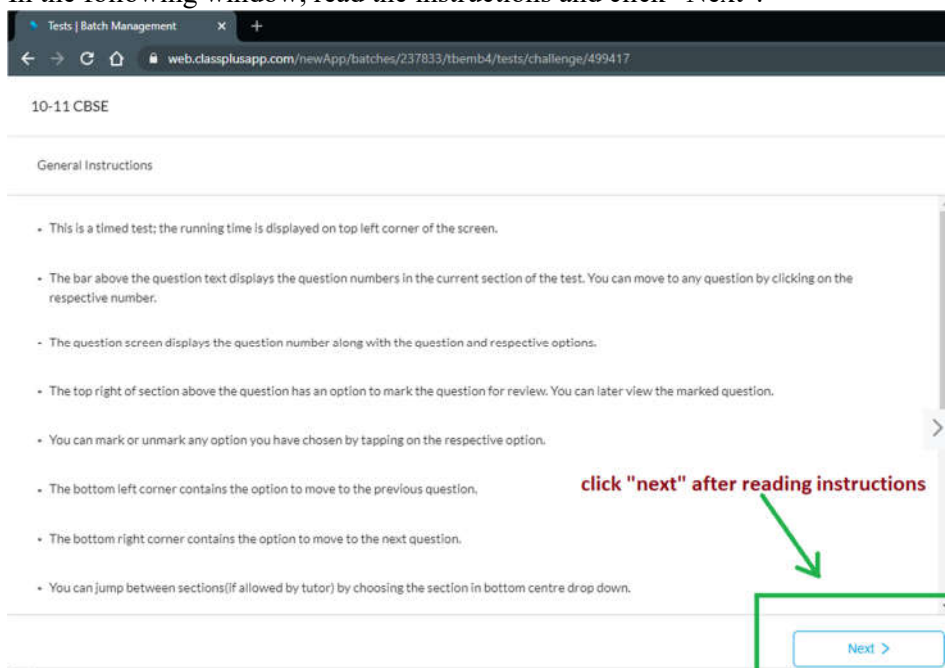

- After clicking on “Tests”, the following page will open, showing the test assigned to you, along with, on which date, at what time the test is assigned and further details can be seen as shown.

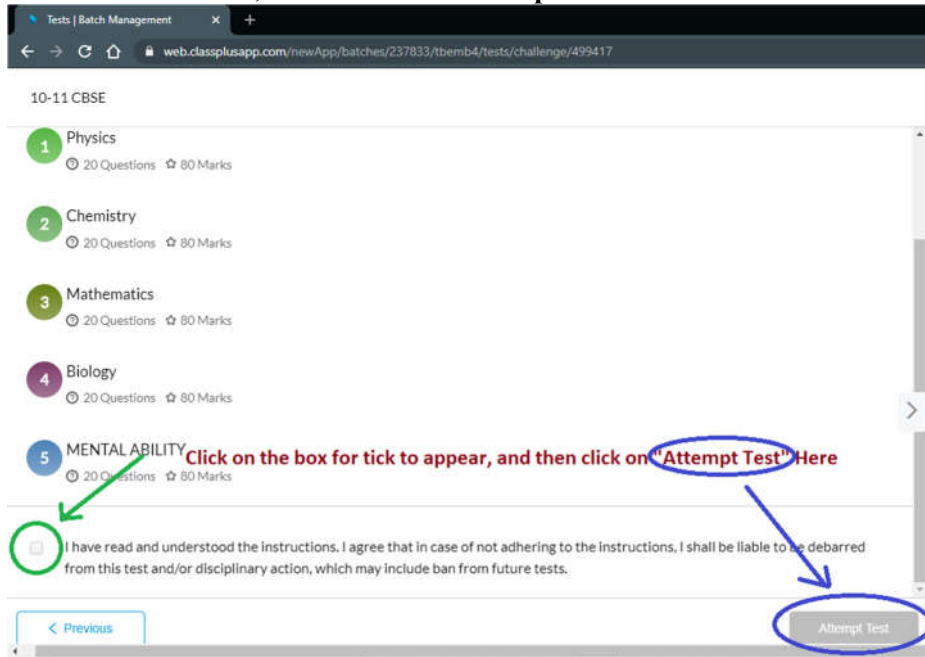

- Wait for 30 seconds after the given time for the test to begin. For example, if the test is assigned at 05:00 PM, open the test at 05:00:30 PM (after 30 seconds).
- Then the following window will open, click “Attempt Test”.

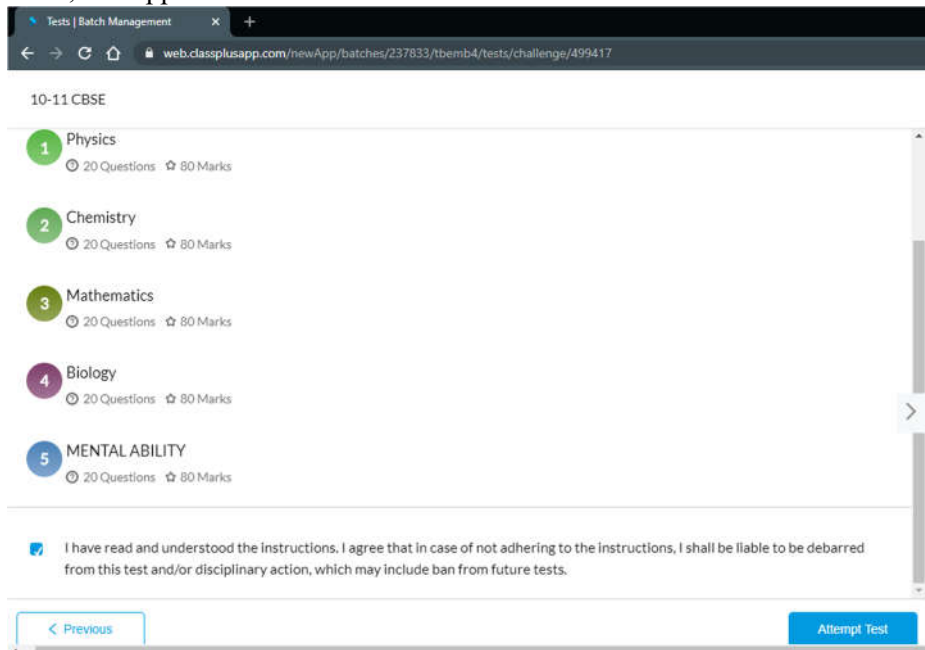

- In the following window, read the instructions and click “Next”.

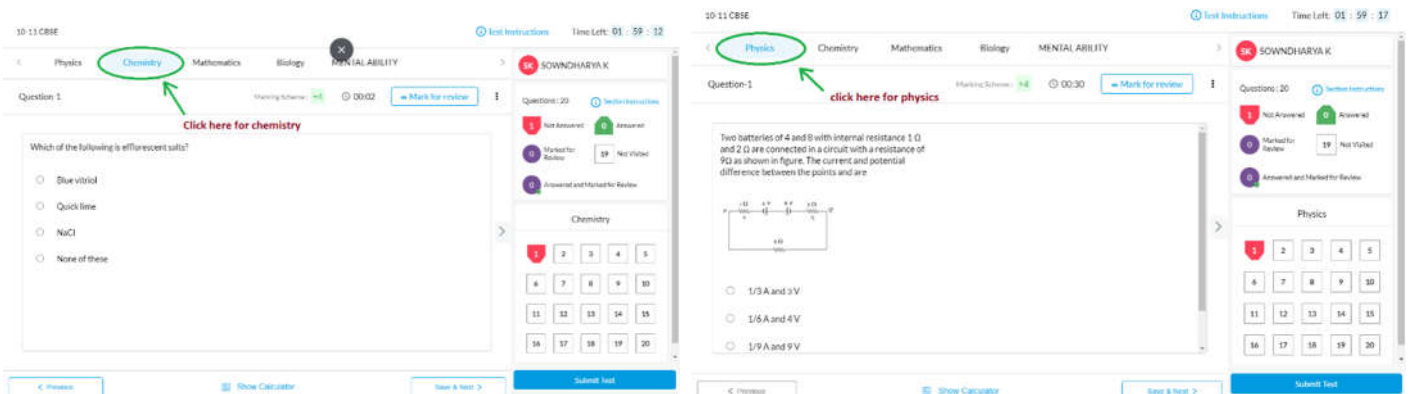

- Click on the tick box, and later click “Attempt Test”

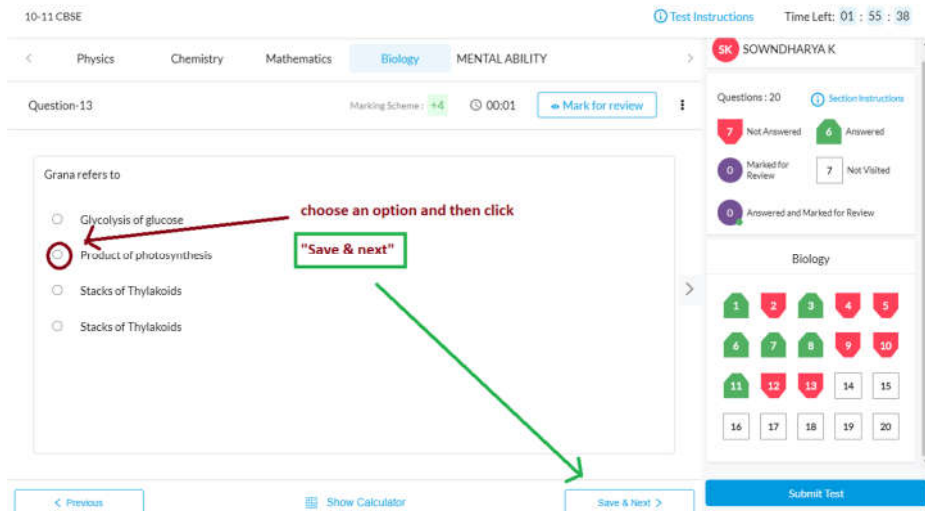

Then, it'll appear like this.

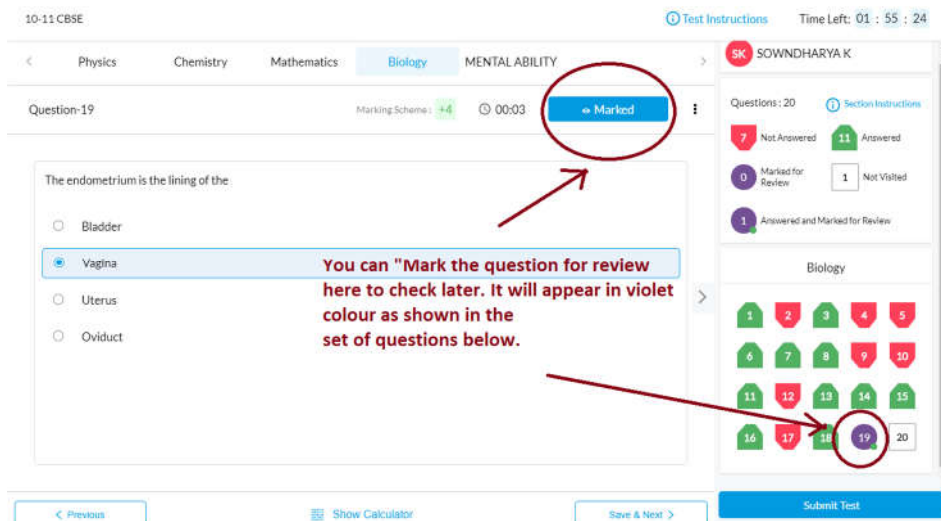

- Subjects will open, you can choose, what subjects you want to attempt 1st by choosing on the top. For example:

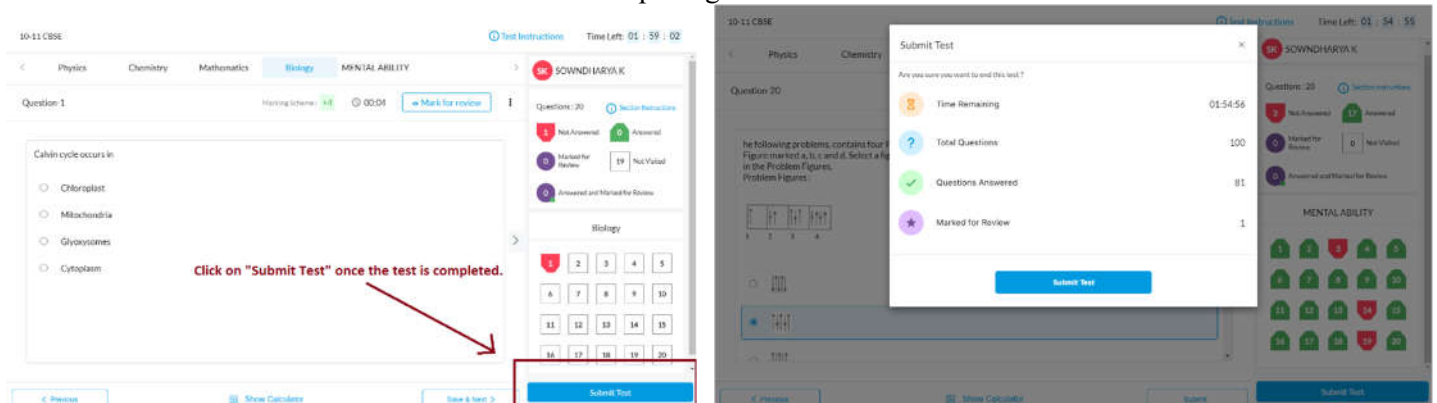

- After choosing an option for the question, click “Save & Next” for saving your answer. Else your answer won’t be saved.

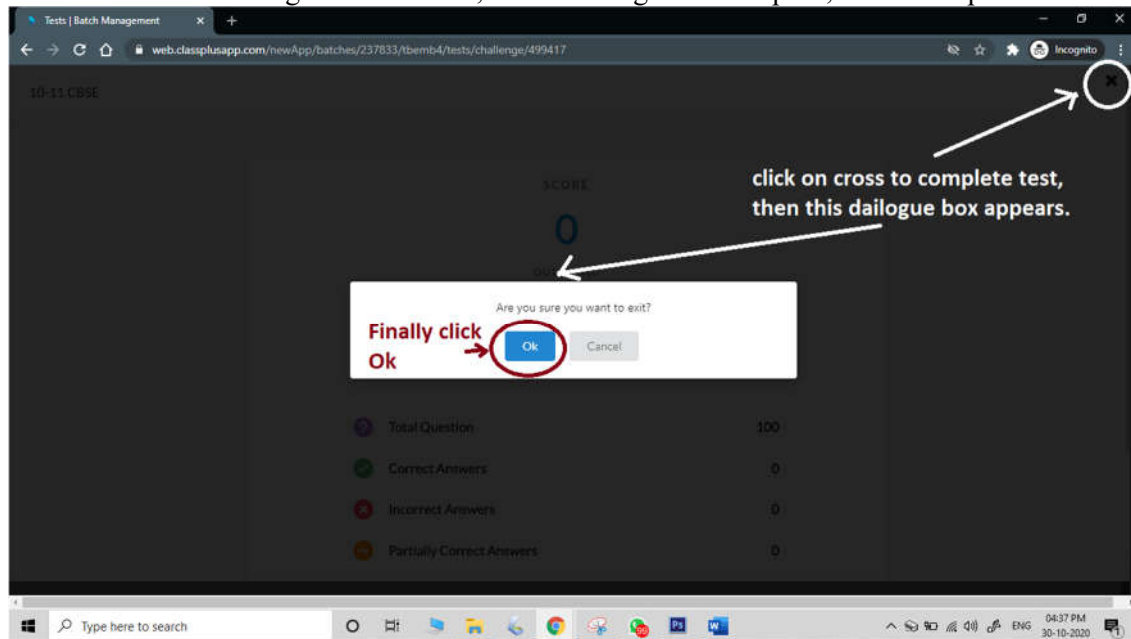

- A student can Mark his/her answer for review once again by marking as shown in the picture below:

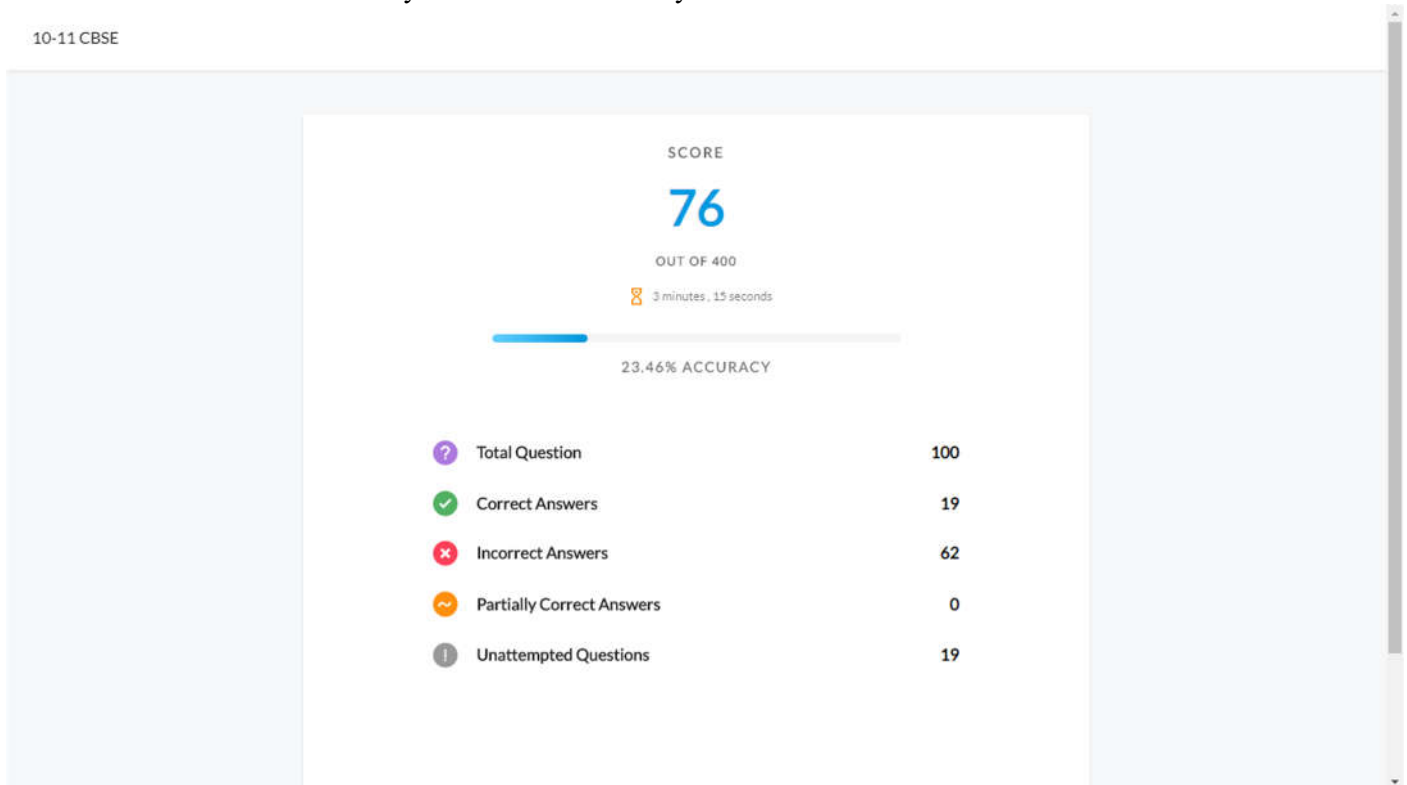

- Click on “submit test” after completing the test.

- After clicking “Submit Test”, the following window opens, follow the process as shown:

- You can see your results as soon as you submit the test as shown.

Don'ts for the ONLINE PULSE Examination:

- Don't close the exam tab while attempting, it will automatically close and submit the test.
- Don't minimize the tab or minimize the app while writing the test. It'll be considered as a malpractice and will automatically close the app or exam window in the PC or Laptop.
- Even if you are able to malpractice somehow and achieve high score, the merit students will have to under go face to face interview (ONLINE / OFFLINE) for claiming the scholarship as well.

Be honest while attempting, give your best and be blessed enough to study with the best pool of faculty in the stream of NEET and JEE.

ALL THE BEST.

- Ch. MadhuSudhan Reddy (**Director** – PINNAACLE CLASSES)

2021 PULSE CBSE SYLLABUS

PHYSICS:

- **RAY OPTICS (LIGHT)**
- **HUMAN EYE AND COLOURFUL WORLD**

CHEMISTRY:

- **CHEMICAL REACTIONS AND EQUATIONS**
- **ACID BASES AND SALTS**
- **METALS AND NON-METALS**

MATHEMATICS:

TRIGONOMETRY:-

- **Trigonometry Ratios and Identities**

CO-ORDINATE GEOMETRY:-

- **Distance Formula**
- **Section Formula**
- **Trisection Points**
- **Collinearity**
- **Area of the Triangle and Quadrilaterals**
- **Harmonic Conjugate**

QUADRATIC EQUATIONS:-

- **Solving Roots**
- **Relation Between Roots and Co-efficient**
- **Nature of the Roots**
- **Applications of Quadratic Equations**

BIOLOGY:

- **HOW DO ORGANISMS REPRODUCE?**
- **LIFE PROCESSES**

2021 PULSE STATE / MATRICULATION BOARD SYLLABUS

PHYSICS:

- **LAWS OF MOTION**
- **RAY OPTICS**

CHEMISTRY:

- **SOLUTIONS**
- **TYPES OF CHEMICAL EQUATIONS**
- **PERIODIC CLASSIFICATION OF ELEMENTS**

MATHEMATICS:

TRIGONOMETRY:-

- **Trigonometry Ratios and Identities**

CO-ORDINATE GEOMETRY:-

- **Distance Formula**
- **Section Formula**
- **Trisection Points**
- **Collinearity**
- **Area of the Triangle and Quadrilaterals**
- **Harmonic Conjugate**
- **Slope of the Line, Equations of Straight Lines**

QUADRATIC EQUATIONS:-

- **Solving Roots**
- **Relation Between Roots and Co-efficient**
- **Nature of the Roots**
- **Applications of Quadratic Equations**

BIOLOGY:

- **REPRODUCTION IN PLANTS & ANIMALS**
- **HEREDITY & ORIGIN AND EVOLUTION OF LIFE**
